

Member in the Spotlight

I started playing golf when I was 14 years old, because my mum Diane Harris, kept winning really nice prizes 😊

I thought instead of winning pointless cups at tennis, I would give golf a go.

I played at Kibworth Golf Club until I was about 20 years old, then my mum moved to Kirby Muxloe Golf Club, as in the 80's, a lot of the county players were members there.

I think my biggest golf moment was when mum and I won the Irish, Mothers and Daughter competition, when I was 23 years old.

I have had a couple of breaks from golf when I had my babies and when I had a back injury, but I've been playing regularly now for a number of years.

This year I am proud to be Ladies President and in a weak moment I volunteered to be Ladies Captain next year !!
